

Local Affairs.

THE LECTURE THIS EVENING.—We remind the public of the contemplated lecture this evening, at Mozart Hall, by Right Rev. Bishop Spalding, before the Young Men's Society and Catholic Literary Society. The subject is "National Characteristics," and the distinguished lecturer possesses the genius and experience to render a discourse upon such a topic one of peculiar interest.

A FEMALE FUGITIVE.—A servant girl by the name of Mary Kavanagh, charged with stealing a small amount of clothing from her mistress, was held to bail in Police Court yesterday, in the sum of \$300 to answer the charge at the next term of the Criminal Court. In default of bail she was committed to jail.

APPRAY IN THE COUNTRY.—We learn that in an affray ten miles below the city yesterday, a man by the name of Cotton was seriously stabbed by a man named John Talbott. We did not hear that Talbott was arrested, but Cotton was brought to the Marine Hospital, in Chestnut street, for treatment.

PIER IN THE COUNTRY.—The residence of Mr. Hillary Hardin, a convenient new cottage on the Seventh-street plank road, was destroyed on Tuesday night about 1 o'clock. The loss is a very serious one to Mr. H. It was this conflagration which caused the alarm at that time in the city.

WE WERE TOLD.—A new moon in this latitude on the 24th, but the sky was so overclouded that its first appearance was a failure. Last evening, however, Cynthia slyly peeped at us from behind her sable mask, and retired early, frightened, dumb, at her own shadow.

MANUFACTURERS OF LAGER BEER in this city were temporarily checked in their labors by the warm weather. The cooler temperature has enabled them to resume, however, and we observe that our friend Peter Hull has all his extensive brewing apparatus in full operation again.

GERMAN THEATRE.—Concert Hall was filled last evening with German beauty and talent. The entertainment gave universal satisfaction. Madame Hausman, the charming actress and vocalist, was rapturously received. The same programme will be repeated this evening.

A LAD ABOUT TWELVE YEARS OF AGE, excited the envy of little boys and the admiration of older people yesterday, by appearing in our streets, mounted upon a diminutive specimen of the Shetland pony. The latter little animal appeared to be about eight hands high.

THE STEAMER VIRGINIA.—The Virginia arrived at Cairo, from New Orleans, on Tuesday. We were indebted to our friend J. W. Ray, Esq., for papers and a memorandum of news forwarded by Adams Express. The Virginia will return to New Orleans from Cairo.

YOUTH IN BAD COMPANY.—Julius Carpenter, a youth, was found by an officer on Tuesday night in a house of bad repute, with a knife and pistol in his possession. Judge Johnston held him to bail yesterday for his good behavior three months, in \$100.

GOT TANGLED.—An old man by the name of Edward J. Tangle, in the city on Tuesday, by accident, on his return home, imbibed too much "tangle-foot whisky" and fell. The City Judge gave him some wholesome advice yesterday, and dismissed him.

HELD TO ANSWER.—Hiram Ray and Thos. Best were held by Police Court yesterday morning for engaging in an affray at the corner of Preston and Fulton streets. Ray was held in \$100 to answer an assault, and Best was discharged.

BY SOME ACCIDENT.—A fire occurred yesterday morning in the daguerreotype establishment of our friend Sheldin, in Main street, between Third and Fourth. Fortunately it was extinguished without doing much damage.

BAD ROADS "OVER THERE."—It seems that the dirt thoroughfare, or plank-road, between New Albany and Jeffersonville is in a very bad condition. Goods are sent around the Falls to New Albany by means of flat-boats.

FROM A NOTICE IN A CITY PAPER of a row at a coffee-house at the corner of Shelby and Marshall streets, it might be inferred that Tiny Foust was engaged in the brawl. He was present, but in the character of a peace-maker.

WANTED.—A gardener of experience, to take charge of a garden and to superintend and cultivate orchards. Good wages and permanent employment will be given to a sober competent man. Inquire at Democrat office.

NAPOLÉON ANNIVERSARY.—Just forty-two years ago to-day (the 26th), Bonaparte left the island of Elba, where he had been banished by his allies' enemies. The same year, 1815, ended his career at Waterloo.

PAINFUL ACCIDENT.—The engineer at Rand & Co.'s extensive manufactory, in Market street, between Preston and Jackson, was caught in the machinery yesterday and had four fingers torn from his hand.

THE ALARM OF FIRE about 6 o'clock yesterday evening, was caused by the burning of a chimney at the corner of Twelfth and Market streets. No serious damage was done.

BARGE SUNK.—The steamer, bound down, lost a large load of flour recently near Chilcot, in the Mississippi river. The barge was sunk, and the cargo is a total loss.

THE ADAMS EXPRESS COMPANY, as usual, furnished us yesterday with a list of important Western points yesterday in advance of the mail.

THE KAW NOTINGS OF LE-INGTON have nominated Francis Hostetter as their candidate for City Marshal, at the spring election.

NEW BOAT.—The owners of the Empress, headed by Capt. Sturgeon, contain water built a new boat immediately.

THEY HAVE COMMENCED a new building in New Albany for the use of the County Recorder.

THERE ARE AT PRESENT 304 convicts in the Indiana Penitentiary at Jeffersonville.

THREE DRUNKEN AND DISORDERLY persons were arrested yesterday.

DON'T FAIL TO HEAR Bishop Spalding's lecture to-night.

WE STATED YESTERDAY as a matter of local news that the body of Rev. Mr. Shaller, deceased, late minister of St. John's Evangelical Church, in Hancock street, in this city, which had been interred in the private burying ground on Friday evening, and last night, some three miles from the city, had mysteriously disappeared. We heard the report at a late hour of the night, and had no means of ascertaining the facts in the case from the friends of the deceased; but, in accordance with our usual custom of publishing everything of local interest at the earliest moment, we gave the report as it came to us. Fearing, however, that there might be some mistake in regard to the rumor, and knowing that the report was calculated to prejudice the gentleness upon whose lands the body was interred, we carefully avoided the publication of his name. Subsequent investigation shows that the body of the deceased has never been disturbed.

UNWILLING, HOWEVER, that the slightest suspicion should attach to Mr. John Westerman upon whose plantation the body was buried, we refer to the subject again. Mr. W. is an old and highly respected citizen of Jefferson county, and a gentleman of irreproachable character; and no one of his acquaintance could entertain the idea, for a moment, that he could connive at the monstrous outrage in question.

WE WERE SHOWN, A FEW DAYS AGO, some very beautiful specimens of jewelry, manufactured by Messrs. Vogt & Klink of our city. It consisted of costly and magnificent diamonds with full heavy sets, done in exquisite style. One ring alone contained ninety-five jewels, and fairly illustrates the handiwork of these most skillful artisans. Others, very beautiful, but with fewer jewels, were equally illustrative of their manufacturers taste and skill. Together, they presented fine samples of Louisville manufactures and will favorably compare with any similar work in the country. Messrs. Vogt & Klink manufacture all descriptions of rare and costly work and are unsurpassed in point of neatness, elegance, and durability in workmanship.

NARRIED AGAIN.—On Tuesday afternoon Edward Phelps, familiarly known by the police and courts, hired a horse and buggy from Mr. Bryant's stable, in Jefferson street, with the avowed intention of going to Sulphur Well, but he was arrested subsequently in attempting to cross the river, and was brought before the Police Court yesterday. A check was found in his possession upon the house of A. D. Hunt & Co. for \$55, which was declared to be a forgery. He was held for his good behavior four months in the sum of \$300, and, failing to give the bail, was sent to the work-house.

THE PARIS CORRESPONDENT of the New York Times says that the lion of Paris this morning is Persia-Khan, the new Persian Ambassador to France. He arrived here but three days ago, and the anxiety to see the Eastern Czar is immense. He is said to be the richest man in Persia, and the tales we hear of his extravagance are fabulous. His suit amounts to thirty persons, among whom are two princes. Their dresses are not the least interesting part of the exhibition.

MESSRS. CRUMP & WELSH have received the March number of Harper's Monthly, which they sell for twenty cents. They have also received No. 8 of Harper's Weekly. The public were somewhat disappointed with the first number of the Weekly; but thinking people are fast coming to the conclusion that this is the best weekly paper in the country. The articles have a scholarly air about them, which will recommend the paper to the literary public.

SUPERIOR CORN FOR SEED PURPOSES.—We have seen a sample of seed corn from the farm of Geo. L. Roberts, who resides in Kentucky, opposite Mt. Vernon, Indiana. It is clear, white, broad, flat grain, and will weigh sixty pounds to the bushel. Messrs. Burkhardt, on Market, between Fourth and Fifth, can supply farmers. It will meet with ready sale for seed purposes, and we advise those who are not already supplied to secure some of this seed at once.

SAM AND SALLY.—The Republican and Know-Nothing State Conventions of Rhode Island met at Providence on the 19th inst., and nominated the same ticket for State officers and Congress, with the single exception of Lieut. Governor. It is manifest that Know-Nothingism can accomplish nothing but mischief in national politics. Can it be possible that national men will any longer tolerate such a faction.

CONVENTION OF DREAMERS.—The Evansville Journal says that one hundred and twenty agents, drummers and collectors, were congregated in the little town of Salem, Ill., last week. They represented the mercantile and manufacturing interests of all the larger cities of the East and West. Salem must be an important place in the estimation of agents, else they are determined to make it so.

LACY STONE lectured at Bangor on Friday evening. Her subject was "Border Ruffians at home," in which she took the ground that the Kansas ruffians are not so bad as those ruffians who tyrannize over their wives and families at home. She said we hear of hen-pecked husbands, but there was not much said about "rooster-pecked wives."

TRANSYLVANIA UNIVERSITY.—The commencement exercises in the Medical Department of the Transylvania University, at Lexington, will take place to-morrow (Friday) evening, at which time the degree of Medical Doctor will be conferred upon the graduates. The valedictory address will be delivered by Prof. Peter.

THE VALUE OF THE LARGE NOTES.—At the late term of the Circuit Court in Newport, the case of J. R. Watson vs. the Bank came up on a report of the Commissioner, when the latter was ordered to pay a dividend of thirty-five per cent. on the notes of five dollars and upwards, as they may be presented.

DROWNED.—We learn from the Cincinnati Commercial yesterday, that a deck hand on the steamer U. S. Mail, accidentally fell overboard on Monday afternoon, and was drowned. His name was Thomas Fyves, and he was about twenty-two years of age. The body has not yet been recovered.

THE TOBACCO STORE of Mr. Shourer, in Evansville, was entered by some thieves, on Friday night last, and an ineffectual effort made to blow open the safe. Failing to get the money, they departed, leaving behind them a bottle in which there was gunpowder.

A NEW FEATURE.—The Henderson (Ky.) Commercial says that Beatty, Lambert & Co. are manufacturing large quantities of axes for the cities of Cincinnati, Louisville, and Chicago, besides other edged tools. Their axes are said to be equal to Collins' best.

SCALDED TO DEATH.—John Donnelly, jr., a son of the proprietor of the salt works in Armstrong county, Penn., was scalded to death, on the 18th, by the explosion of a steam pipe, that he died in great agony a few hours afterwards. He was a young man of promise.

THE LADY UNFORTUNATELY complicated with Rev. Mr. Kallach, is says the Springfield Republican, the young and lovely wife of a citizen of Brattleboro, Vt. She is respectably connected, and never before was associated with scandal of this sort.

Particulars of the Storm at Augusta.
We glean the following particulars relative to the recent storm at Augusta, Ky., from one of the pilots of the steamer Caledonia. It commenced at twenty-six minutes past four o'clock, on Friday evening, and lasted ten minutes. The atmosphere was exceedingly disagreeable, and apparently of two colors. A dense volume of black smoke was first visible, followed by a second the color of steam. The hurricane approached from the Ohio shore, demolishing and sweeping the timber before it a width of one hundred yards, destroying the vineyard and residence of Mr. Leech, known as the "Ferry House." Loss \$3,000. Also, the dwelling of Mr. Jno. Patterson, occupying a lot in total ruin. As the tornado crossed the river the spray was thrown into the air almost incredible height, said by some witnesses to be between thirty and four hundred feet. The bank on the Kentucky shore was torn and broken by the force of the wind, as if it had been bombarded by a heavy cannonade. At the landing on the Ohio side was a small trading boat freighted with plaster of Paris, and containing a couple of Italian sailors, who, together with the men, were whirled into the air great height, and fell again into the stream below. The men dived out as best they could, and escaped with no other injury than a bad ducking.

Two men, named Joseph Armor and Alex. Case, were crossing the river in a horse ferry boat, when the wind struck the craft and caused it to capsize. The ferry was some feet under water. It is said that one of the men seized hold of the bell rope, and pealed an alarm; but, of course, no assistance could be rendered. The boat finally righted, having been both ways during its encounter with the elements.

The extent of the damage in Augusta, so far as has been ascertained, is as follows: Two tobacco warehouses belonging to Dr. J. J. Bradford and Scott McKelvey, were thrown into the river. Loss \$5,000.

The roof was blown off the saw mill of Messrs. Monahan & Lytle, and the building moved about four feet from its foundation. Loss \$1,000.

A log house and cooper shop belonging to Mr. James Armor was blown down. In the house was a family of four persons, who were found and piled together in a heap of eight feet, none seriously injured. Loss about \$200.

The residence of John Dory was blown down the bank, and the roof and furniture went adrift. In the house were two girls, one of whom was badly hurt. Loss \$800.

The roof was blown off a house belonging to Wm. Figgins and J. Young. Loss \$50.

The residence of Mr. J. J. Bradford was injured, and the shanty destroyed. Loss \$400.

The frame stable of Mr. James Armstrong was moved from its foundation ten feet. Loss \$150.

The stable of Mr. W. P. Deltz's house was torn out, and crushed the office of Dr. Wm. Mackey in falling. Loss \$300.

The chimneys of J. Taylor Bradford's dwelling were torn down, and his fruit trees and bee hives destroyed. Loss \$200.

On the Ohio side, Mr. Leech, owner of the ferry house, was driving a team of two horses to a wagon; one of the horses became extricated from the harness, the other, together with the wagon, was blown a distance of one hundred yards.

We have not heard of the further progress of the storm, but the devastation along its line must have been immense. The tornado has succeeded in doing everything of the kind ever before known in the section of country where it occurred.

REAL ESTATE.—Mr. C. C. Spencer sold at auction, on yesterday afternoon, two houses and lots. The first was an old-fashioned brick house, on the corner of Market and Tenth streets—lot 24½ feet front by 96 deep to an alley, house indifferent, and sold for \$2,005.

The other was a two-story small brick, on Eleventh street, between Main and Market—lot 25½ feet front by 96 deep (side ally), and was bought at \$910. This is the first real estate sale made by Mr. Spencer this year, and shows an increase over last year's sales. Our city is looking up, and we believe that property will continue to sell at increased prices for several years to come.

To our friends who wish to invest for speculation, we would say, now is the time to purchase. At the above sale the bidding was spirited and the attendance large, reminding us of former days. The terms were not very liberal, being one-third cash, and the balance in six and twelve months, with interest and lien.

A deck hand on the steamer U. S. Mail accidentally fell overboard, on Monday afternoon, and was drowned. His name was Thomas Fyves, and he was about twenty-two years of age. The body has not yet been recovered.

IF THE PHILOSOPHER was elated by a discovery that would place him a step further on in the paths of science, and enable him to extend the rays of knowledge to mankind, has not the discoverer cause to rejoice who has found a means of alleviating the sufferings and thereby benefiting the condition of his fellow-men.

Scorfula, Dyspepsia, Chronic Arterial, Rheumatism, functional or organic disease of the Liver, insipid Phthisis, Syphilis in its varied forms, from the slight discoloration to the ulcerative process, are diseases well known to the western country. In these particular cases Hurley's Sarsaparilla will be found to act with surprising effect, and in no instance, where used according to directions, has it failed to afford immediate and permanent relief. Try it, and you will thank us for the advice.

EVERYBODY uses Porter's Oriental Life Liniment. Twenty thousand bottles have been sold in this city at retail in the last three months, and from the quantity shipped to different points by express, railroad, mail boats, packet-wagons, &c., we are led to believe it selling fast wherever it has been introduced. There must be some virtue in it, or so many thousands people would not speak so unanimously in its praise. If any reader of the Democrat wishes to know any more in regard to this liniment, let him write a twenty-five cent bottle and try it for himself.

WOOD'S HAIR RESTORATIVE.—This wonderful preparation is beginning to be known and appreciated in this and the neighboring counties. Its excellence has been attested by the certificates of some of our best and most honorable citizens. We ourselves have tried it and found it to possess almost miraculous properties; restoring color and life to the hair and scalp, and imparting a delicious freshness and glossiness to the hair. We advise all who are in need of a hair preparation to try the famous Hair Restorative of Prof. Wood. None will ever regret the price paid for this superior composition. See his advertisement, in another column.
